Projector LED BlitzWolf BW-V5Max, android 9.0, 1080p (white)

Ref: 5905316148710

Projector LED BlitzWolf BW-V5Max, android 9.0, 1080p (white)

BlitzWolf BW-V5Max LED projector/projector, android 9.0, 1080p (white)

Discover a new dimension of entertainment with the BlitzWolf BW-V5Max projector. With a native resolution of 1920*1080, any movie, game or broadcast will become an unforgettable experience. Watch your favorite content in Full HD quality, enjoying every detail and depth of color that comes to life on the screen!

Versatility and convenience of use

Whether you need a projector for home theater, business presentations or entertainment, the BW-V5Max will meet your needs. Adjustable aspect ratio and projection size from 50" to 170" gives you full control over the projected image. Customize the size and shape of the screen to fit your room, creating the perfect environment for watching movies, playing games or meeting online.

Tailored to your needs

The projector offers various positioning modes: front horizontal, rear horizontal, front ceiling, rear ceiling. It allows you to flexibly adjust to the room conditions. Manual focus and ±15° optical keystone correction make it easy to get the perfect picture. What's more, support for multiple languages, including English, German, Spanish, French and Polish, makes the device accessible to users from different regions.

Plug and play
Thanks to an extensive range of ports (USB, HDMI, AV and headphone), you can connect almost any device to the projector. What's more, the Bluetooth 5.0 wireless connection allows you to stream music or movie sound directly to your audio system for excellent sound quality.

Durability for years to come
Thanks to state-of-the-art LED technology, the projector's 9000 LM brightness bulb ensures a long life - up to 50000 hours. Enjoy years of reliable, bright and vivid projection, while taking care of the environment.

With the user in mind
This practical device is compact enough to take with you anywhere. It comes with everything you need to start your screening: an AV cable, a remote control and an instruction manual. So you can quickly and easily start using the projector, enjoying cinema quality in the comfort of your own home or on the go.
