

DJI Osmo Action 3 Adhesive Base Kit

DJI Osmo Action 3 Adhesive Base Kit

DJI Osmo Action 3 Adhesive Base Kit Mount

A positioning clip has been added to the Quick-Release Adapter Mount for improved impact resistance. The adhesive base features a large adhesive surface with strong bonding strength. With a large area of 3M tape at the bottom, the camera can be securely attached to surfboards, snowboards and other sports equipment, making it suitable for many dynamic scenarios.
