LDNIO Ultra Slim P10 Powerbank, 10000mAh (gray)

Don't waste time charging! With this extremely handy powerbank you will charge two devices at the same time in no time. The LDNIO Ultra Slim P10 features a high-capacity battery, and durable materials have been used in its construction. The silicone finish makes the device extremely pleasant to the touch. What's more, the smart chip offers a range of security features, so you can rest assured that your device is safe. The built-in LED display will keep you updated on the device's power status, and the powerbank's lightweight and handy design makes it the perfect companion for any trip.

Charge your devices in no time

The P10 powerbank stands out for its wide compatibility. It is equipped with two USB ports, so you can charge two devices at the same time. The ports support PD and QC 3.0 protocols, so charging won't take long. The capacity of the lithium-ion battery is as much as 10,000 mAh, and you will renew the energy in it instantly with a USB-C (2 A) cable.

A range of security features

The LDNIO Ultra Slim P10 is made of high-grade fireproof polycarbonate and features 9 degrees of electrical protection. Charged devices are protected from short circuit, overvoltage, overcurrent, high temperature, or harmful electromagnetic fields, among other things. With the P10, you don't have to worry about your equipment.
