

### Car Charger McDodo CC-7493 65W With Mini White USB-C Cable W

Car Charger McDodo CC-7493 65W With Mini White USB-C Cable With E-mark Chip 1m 100W (black)

Ref: 6921002674935

McDodo CC-7493 USB-C Car Charger + USB-C Cable 60W 1.2m

Now you can quickly and conveniently charge your devices while traveling. The McDodo CC-7493 car charger provides power up to 30W and is compatible with most 12V / 24V vehicles. It is made of high-quality aluminum alloy, making it very durable and efficient at dissipating heat. The package also includes a USB-C to USB-C charging cable.

#### Fast Charging

Heading on a trip? Before you reach your destination, your smartphone can be fully ready for work! The McDodo charger supports fast charging PD 30W QC, AFC, FCP, and Apple 2.4, and the included cable offers power up to 60W. This means you can quickly charge your phone or other devices in no time! The product can also intelligently adjust current parameters to the requirements of connected devices for both fast and safe charging.

#### Safe to Use

No need to worry about the charger overheating. Thanks to the aluminum alloy casing, the product quickly dissipates heat and is very durable. The CC-7493 model also features protection against overcurrent, short-circuit, and more.

#### Thoughtfully Designed

The charger is designed to stay securely in the cigarette lighter socket in almost any situation - bumpy roads and sudden stops won't be a problem. The device is also compact and has an elegant design. It is compatible with most 12V / 24V vehicles, such as passenger cars, SUVs, and trucks.
