Onikuma G32 RGB gaming keyboard (black)

Get the Onikuma G32 keyboard and conquer the world of virtual gaming! With 104 keys, it allows precise control during any gameplay. High key life, estimated at 8 million clicks, guarantees reliability and long-lasting usability, even during the most demanding gaming marathons. RGB backlighting adds a unique touch to your gaming workstation, creating an unforgettable atmosphere while you play.

Ready for any challenge

The Onikuma G32 will not let you down even in the most intense moments of gameplay, providing not only comfort, but also reliability at every stage of the gaming adventure. Thanks to its membrane design, the keys respond smoothly and quietly, allowing you to concentrate on the game without distracting noise. What's more, thanks to its splash resistance, you don't have to worry about damaging it even if you accidentally spill a drink.

Discover a world of colors

The keyboard is equipped with striking RGB backlighting with three different effects that will provide you with an unforgettable visual experience during any game. Whether you choose a static light to match your mood or a pulsating mode to highlight dynamic gaming moments, the Onikuma G32 will allow you to create the gaming mood exactly as you want it.
