Ref: 6975266730319

Fast Charging cable Rocoren USB-A to USB-C Retro Series 1m 100W (grey)

Fast Charging cable Rocoren USB-A to USB-C Retro Series 1m 100W (grey)

The Rocoren RETRO Series cable is the perfect choice for users who expect the highest quality, performance, and reliability. With a maximum power of 100W and a transmission speed of up to 480 Mbps, it can provide fast charging and stable data exchange in almost any situation. It is also distinguished by its durable construction and compatibility with most popular smartphone models.

Fast Charging

Don't wait too long for your devices to charge. The Rocoren cable provides power of up to 100W and a current intensity of up to 7.3A, allowing you to charge selected smartphones or tablets in an exceptionally short time. You also don't have to worry about safety - the built-in intelligent chip regulates the current parameters to protect the batteries of the charged devices from damage.

Enhanced Data Transmission

The RETRO Series cable enables fast and stable file transfer between devices - offering a transmission speed of up to 480 Mbps. So, you can transfer photos and videos, synchronize data, and create backups at a pace that meets your expectations. With Rocoren, you'll save time!

Impressive Durability

This practical cable will serve you well for many years. It is equipped with durable elements made of aluminum alloy and a high-density nylon braid, which protects it from damage. As a result, it boasts impressive resistance to bending, breaking, and wear.
