

Fast Charging cable RocoRen USB-C to USB-C Retro Series 1m 6

Ref: 6975266730357

Fast Charging cable RocoRen USB-C to USB-C Retro Series 1m 60W (grey)

Fast Charging cable RocoRen USB-C to USB-C Retro Series 1m 60W (grey)

The RocoRen RETRO Series Data Cable Type-C TO Type-C is synonymous with reliability and excellent performance. With a maximum power of 60W and a transmission speed of up to 480 Mbps, it can provide fast charging and stable data exchange, satisfying the needs of even the most demanding users. It is also characterized by its durable, sturdy construction and compatibility with most popular models of smartphones, tablets, and laptops.

Fast Charging for Your Devices

Thanks to support for PD and QC4.0 standards, the RocoRen RETRO Series cable guarantees lightning-fast charging for your devices. Its additional advantage is the impressive power of up to 60W and a current intensity of up to 3A. You also don't have to worry about safety. The built-in E-marker chip maintains the temperature at an appropriately low level and ensures stable charging, protecting the batteries of connected devices from damage.

Solid Construction

The RocoRen RETRO Series cable is equipped with elements made of aluminum and a high-density nylon braid. This makes it resistant to mechanical damage and wear. Furthermore, the high-quality wire ensures safe charging and efficient data transmission.

Save Time with Fast Data Transmission

Enjoy smooth and reliable data transmission between devices - the cable offers a transfer speed of up to 480 Mbps. So, you can freely transfer multimedia files or create backups, knowing that everything is happening smoothly and without issues.
