

Fast Charging cable Rocoren USB-C to USB-C Retro Series 2m 1

Ref: 6975266730401

Fast Charging cable Rocoren USB-C to USB-C Retro Series 2m 100W (gray)

Rocoren USB-C to USB-C Retro Series 100W Fast Charging Cable, 2m (gray)

The Rocoren Retro Series 100W Fast Charging Cable is a key tool for anyone who needs fast and efficient charging of their USB-C devices. Supporting PD (Power Delivery) 100W and QC (Quick Charge) 4.0 technology, this cable is capable of quickly charging your MacBook Pro and other compatible devices to a full charge in just 2 hours.

Advanced technology for safe charging

With the support of an advanced e-marker chip, this cable provides a maximum current of up to 5A, enabling fast charging at low temperatures. This feature not only speeds up the charging process, but also enhances safe use by protecting your device from overheating and ensuring voltage stability.

Fast data transmission and universal compatibility

Data transfer speeds of up to 480 Mbps allow for lightning-fast file transfers between devices, making this cable an ideal choice for those who need fast access to their data. Universal compatibility ensures versatile use of the cable, which can be used with a wide range of USB-C devices.

Durability and elegant design

The Rocoren cable features a durable design, thanks to its aluminum sheath and nylon braid, which guarantees long-lasting use and resistance to bending and damage. The gray color and elegant design of the Retro series add style, making the cable not only functional, but also an attractive accessory.
