Tattu brand batteries

Specifically for UAV use, the Tattu brand has designed new batteries of unrivalled quality. They offer exceptional power whether you're using smaller drones for recreational use or heavy rigs for computing applications. Batteries often look similar from the outside - their real strength, however, lies inside. The cells in Tattu batteries are developed specifically for UAV requirements.

Safety instructions

Do not discharge below 3.0V per cell. Charge only with a microprocessor-based charger in lithium-polymer pack charging mode. Do not short-circuit poles, do not puncture, do not expose to direct sunlight, store away from flammable objects, dispose of in specially prepared containers.
