Diving Filter Sunnylife for Osmo Action 4/3 (red)

Sunnylife dive filter for DJI OSMO Action 3/4 (red)

Ready for an underwater adventure? Meet the Sunnylife Dive Filter for DJI OSMO Action 3/4 camera in red! This indispensable accessory will allow you to discover the underwater world in its full glory. Dive up to 40 meters below the water's surface, and the rugged design provides a perfect seal, protecting your camera from water, shock and dust. Equipped with 306 stainless steel buttons, the filter is corrosion-resistant for long-lasting durability even in harsh marine environments.

Improve the quality of your underwater photos

Color filters are a key element for getting great underwater photos. The Sunnylife Red Filter is perfect for tropical waters, correcting red loss and restoring natural colors. Whether you're exploring coral reefs or admiring marine species, this filter will make your photos and videos reflect the true beauty of tropical waters. The filter is particularly effective in water depths of about 4 to 24 meters, where red loss is most evident.
