Sunnlylife dive filter for DJI OSMO Action 3/4 (pink)

Ready for an underwater adventure? Meet the Sunnlylife Dive Filter for DJI OSMO Action 3/4 camera in pink! This indispensable accessory will allow you to discover the underwater world in its full glory. Dive up to 40 meters below the water's surface, and the durable design provides a perfect seal, protecting your camera from water, shock and dust. Equipped with 306 stainless steel buttons, the filter is corrosion-resistant for long-lasting durability even in harsh marine environments.

Improve the quality of your underwater photos

Color filters are a key element for getting great underwater photos. Sunnlylife's pink filter is specially designed for shallow waters, performing perfectly at depths of about 0.6 to 4.5 meters or in blue waters. Correcting the loss of red light underwater will allow you to capture a wealth of color and detail, creating exceptional memories of any underwater adventure.
