Smartwatch Colmi V65 (Gold)

Colmi V65 is an elegant and functional smartwatch that will perfectly fit into your everyday life. It features a 1.32-inch AMOLED display and offers many useful functions, such as heart rate, blood pressure, and blood oxygen saturation measurement. You can also conveniently make phone calls with it. Additionally, it offers various sports modes. Moreover, the watch stands out with its long battery life and IP68 waterproof rating.

Stylish Design

The Colmi V65 smartwatch catches attention with its elegant, stylish design, which will surely appeal to many users. It is very lightweight and compact, providing comfortable usage. Its additional advantage is the IP68 waterproof rating - you don't have to take it off your wrist when washing hands or exercising.

Round AMOLED Display

The watch features a 1.32-inch AMOLED screen with a resolution of 466x466. Thanks to this, you can enjoy high-quality images and vibrant, beautiful colors in almost any conditions - even in bright sunlight. Various menu styles are also available for selection - check which one will be most convenient for you!

Stay Connected

With Colmi, you don't have to worry about missing anything important. The V65 smartwatch will immediately notify you of incoming messages - it is compatible with many popular applications. Now you have all the necessary information at your fingertips!

Phone Call Handling

With the Colmi V65 smartwatch, you can also conveniently make phone calls - the device supports Bluetooth calls. The watch provides high-quality sound and allows you to synchronize your address book. Now you can easily contact your loved ones at home, at work, during training, on a walk, and more!

Help You Take Care of Your Health

The smartwatch supports several useful functions that will help you take care of your health and quickly respond to any alarming symptoms. It allows you to measure heart rate, blood pressure, and blood oxygen saturation for up to 24 hours a day, it can also monitor sleep, detecting its phases and assessing its quality. This way, you will better understand your body and learn which habits are worth eliminating to feel better! The watch also allows you to monitor the menstrual cycle - it will be an excellent choice for women.

Many Sports Modes to Choose From

Are you trying to lead an active lifestyle? The Colmi V65 watch will help you with that! The device accurately measures heart rate during exercises and distances covered, also counts steps, exercise duration, and calories burned. You can also choose from a multitude of sports modes. Walking, running, cycling, climbing - you will surely find something for yourself.

Long Battery Life

Don't worry about the need for frequent charging of the smartwatch. The V65 model stands out with its long battery life - with regular, everyday use, it can last up to 3-5 days, and in standby mode, it lasts up to 7-10 days. To charge the device, it takes about 2 hours - you don't have to wait too long!
