Joyroom PN-15F4 Starry Case for iPhone 15 Pro Max (pink)

Stock up with a case that not only effectively protects your smartphone, but also looks great. The Starry Case model by Joyroom has been decorated with small crystals that sparkle beautifully and attract the eye. Its additional decoration is a small metal element placed in one of the lower corners. The case is also very durable and resistant to damage. It is made of high-quality materials, and thanks to its soft lining, it guarantees protection from scratches, better ventilation and efficient heat dissipation. What's more, an additional protective layer prevents dirt from settling on it, and additional holes on the bottom allow you to hang your phone on a chain.
