Darkflash DLM4000 Computer Case (black)   Ref: 4710343797791
Darkflash DLM4000 Computer Case (black)

Darkflash DLM4000 computer case (black).
Rugged 0.6 mm metal construction and 440 x 230 x 456 mm dimensions ensure durability and stability. The advanced cooling system supports up to 8 120 mm fans and two 360 mm heatsinks, ensuring reliability even under heavy use. In addition, the Type-C port equipment enables high-speed data transfers, highlighting the case's modernity.

Functionality and easy access to components
The clamshell side panels are an innovation that makes disassembly much easier. This feature is invaluable when upgrading a system, allowing quick and hassle-free access to the case's interior. The convenience offered by the Darkflash DLM4000 saves time and increases productivity.

Tempered glass panel
The tempered glass front panel allows you to expose your computer components, giving you space for individualization and highlighting your character. If you use components with backlighting, your work and entertainment station will gain character, allowing you to create a gaming atmosphere.

Efficient cooling

Designed for optimal cooling, the Supreme cooling layout allows the installation of up to 8 120 mm fans and two 360 mm radiators, ensuring excellent air circulation and keeping the temperature down even when components are working hard. This solution guarantees the stability and longevity of the hardware, which is essential when running demanding software and gaming. Note: the kit does not include fans.

Fast data transfer - Type C port
The Darkflash DLM4000 chassis did not lack a modern Type-C port, which delivers impressive data transfer speeds. With it, you can transfer large files in the blink of an eye. The USB-C port will allow you to seamlessly connect modern equipment without the need for adapters.

Dust protection
The inside of the case is designed with dust protection in mind, which translates into less maintenance and longer component life. Full blowout prevention coverage means user comfort and cleanliness are invaluable in any working environment.

Space for expansion
Five PCI slots provide ample space for expansion and expansion, allowing for the installation of powerful graphics cards up to 405mm in length. This is a key asset for users who anticipate future hardware upgrades to accommodate growing requirements. What's more, the chassis is compatible with M-ATX and ITX motherboards, providing versatility and adaptability to suit a variety of needs.

Manufacturer:
Darkflash
Model:
DLM4000
Case Type:
M-ATX PC Case
Side panel:
Clamshell, for easy disassembly
Front panel:
Tempered glass
Backlighting:
RGB backlighting support for fans (fan model dependent)
Motherboard standard:
M-ATX / ITX
Power supply standard:
ATX
Internal drive/drive slots:
HDD x 2, SSD x 2
2.5" internal bays:
2 pcs. (Max.)
2.5/3.5" internal bays:
2 pcs. (Max.)
Expansion card slots:
5 Slots
Maximum graphics card length:
405 mm
Maximum CPU cooling height [mm]:
165 mm
Maximum number of fans [mm]:

Supports up to 8 120 mm fans
Fan mounting options:
Side: 120mm x 3 ; Rear: 120mm x 1 ; Top: 120mm x 3 / 140mm x 2
Water cooling mounting options:
Front: 240 / 280 / 360mm heatsink ; Rear: 120mm heatsink.
Number of fans installed:
-
Fan model:
-
Installed fans:
-
Buttons and controls:
Power / Reset
Connectors:
Type-C / USB3.0 x 2 / HD Audio
Material:
0.6 mm SPCC
Color:
Black
Additional information:
Full anti-dust coverage ; Tempered glass on front and side panels ; Support for two 360mm heatsinks ; Fully equipped with Type-C connector.
Included accessories:
-
Height:
456 mm
Width:
230 mm
Depth:
440 mm
Weight:
7,3 kg

Price:

Before: € 95.0052

Now: € 83.00
