HP DHE-7000 Wired earphones (white)

The HP DHE-7000 headphones are designed to provide the highest level of sound and comfort. They offer fantastic audio quality, and thanks to the built-in microphone, they are also great for phone calls. Additionally, the 3.5mm connector makes them compatible with many popular devices available on the market.

#### Excellent Sound Quality:

Discover new sound of your favorite songs. The HP DHE-7000 headphones provide excellent audio quality with a wide frequency response from 20 Hz to 20 kHz. Furthermore, with a sensitivity of about 90 dB and low distortion, every sound is clear and crisp, regardless of the volume.

#### Comfort and Fit

Enjoy long hours of listening to music, watching movies, or making phone calls without feeling discomfort. The headphones stand out with a carefully designed construction, making them very comfortable and fitting well in the ears. No need to worry about them falling out or causing uncomfortable pressure!

#### Built-in Microphone

The headphones are also equipped with a microphone, allowing for convenient phone conversations. Whether at work, home, the mall, or supermarket - with HP, you can be confident that wherever you are, the other person will hear you without any issues!

#### Wide Compatibility

With the use of a 3.5mm jack connector, the headphones are compatible with most popular devices from well-known brands. You can easily connect them to your smartphone, tablet, or laptop - no need to limit yourself!
