Sunnylife protective case for Insta360 ONE X2 / X3 (IST-B193)

The Sunnylife IST-B193 protective case is a specially designed accessory, dedicated to Insta360 ONE X2 / X3 cameras. Its main task is to provide optimal protection for the device, which is key to maintaining its functionality and aesthetics for a long time.

Design and materials

The product weighs just 92 g and measures 145 × 77 × 50 mm, making it convenient to transport and store. Made from a combination of fabric and flannel, it guarantees durability and resistance to external factors such as scratches and minor impacts. The interior of the case is padded with soft cotton material, which further protects the Insta360 ONE X2 / X3 camera from the possibility of scratches.

Functionality and fit

The specially designed interior of the case, with a sunken lens shelf, ensures that the camera will lie stable and is protected from accidental shocks. In addition, the case has an internal zippered pocket, which is ideal for storing small accessories such as cables or memory cards. This not only increases the utility of the case, but also helps keep your accessories organized and tidy.
