Charge 3 devices simultaneously and enjoy convenience. The Mcdodo CA-7257 3-in-1 cable is equipped with 3 connectors (USB-C, Lightning, micro USB), making it compatible with most devices available on the market - you don't need to use additional cords. Its length can also be adjusted within the range of 35-120 cm. Moreover, the product is very lightweight and portable - you can always have it at hand.

Impressive Performance, Wide Range of Possibilities

Do you have devices equipped with different ports? You no longer need to use several cables! The CA-7257 cable offers 3 connectors - USB-C, Lightning, and micro USB. Thus, it will work with most popular devices, such as iPhones, Android smartphones, power banks, desk fans, or Bluetooth speakers. Moreover, with a current intensity of up to 3.5A, it allows for efficient charging of up to 3 devices simultaneously.

Fast File Transfer

The Lightning connector of the Mcdodo CA-7257 cable allows not only charging but also file transfer at speeds of up to 480 Mbps. So you can quickly copy all the necessary photos, documents, or videos. This will save you time!

Length Adjustment

The cable allows for a 5-level length adjustment within the range of 35 cm / 60 cm / 85 cm / 100 cm / 120 cm. You can thus adapt it to your needs - it will work, for example, in the office, in the car, and during gaming sessions. Its winding and unwinding are exceptionally quick and easy - the improved mechanism ensures smooth operation without jamming.

Durable, Stylish, Portable

The cable housing is made of aluminum alloy, making it not only very durable but also great-looking. Additionally, the use of flat cables makes the product more portable and convenient to store, while the TPE coating provides reliable protection against damage.
