APEXEL APL-JJ04 tripod (black)

The APEXEL APL-JJ04 tripod is a compact solution for anyone who values mobility and versatility in one. Made of durable ABS plastic, stainless steel and rubber, this tripod guarantees stability and safety for your equipment. Weighing just 115 grams, it is extremely lightweight and easy to transport, making it the perfect companion for both everyday challenges and unforgettable trips.

Versatility and ease of use

The APEXEL APL-JJ04 tripod is distinguished by its wide adjustability to fit a variety of devices. Its phone holder supports sizes from 73 to 85 mm, allowing it to be used with most cell phones on the market. And its compact size (150 x 140 x 35.5 cm) makes it fit easily into your bag or backpack.

Full freedom of framing

What sets the APL-JJ04 apart is a top that can rotate 360° and tilt down and up 180°. This functionality provides complete framing freedom, allowing users to capture the perfect photo or video from every possible angle. Whether you are a professional photographer or an enthusiast, this tripod will meet your needs.
