K&F Concept 20L Photo Backpack (KF13.144)

This photography backpack from K&F Concept is designed with the needs of modern photographers in mind. The spacious interior with numerous pockets and compartments provides seamless storage for your camera, lenses, laptop, tripod, water bottle and other essential accessories needed for your photographic expeditions. With a capacity of 20 liters and weighing just 1.55 kilograms, it is a comfortable companion for any adventure.

Ergonomic carrying comfort

The ergonomically designed back and adjustable, padded shoulder straps distribute weight evenly, reducing strain on your shoulders and back, which is crucial when carrying the backpack for long periods of time. This allows you to focus on capturing the perfect shot, instead of on what to do to make yourself comfortable.

Reliable protection and ventilation

Made of breathable material, the backpack provides excellent air circulation, protecting your gear from heat and moisture buildup. Such a solution ensures that your camera equipment is safe, and you are comfortable and dry even when wearing the backpack for long periods of time.

Convenience and functionality on the go

The backpack's many internal and external pockets make it easy to organize and quickly access your gear, which is invaluable for photographers who are constantly on the move. You will find special compartments with which you can easily configure the interior of the backpack according to your needs, which further enhances the comfort of this roomy backpack.

Resistance to harsh conditions

The backpack is made of durable and waterproof 1680D material, which provides ultimate protection for your gear. It is shock and scratch resistant, ensuring the safety of your camera and accessories in all conditions.
