

## Long Hex Key Sets 1.5-10mm Deli Tools EDL3088 (silver)

Ref: 6974173013331

Long Hex Key Sets 1.5-10mm Deli Tools EDL3088 (silver)

Deli Tools allen wrench set EDL3088

The Deli Tools branded set will prove useful in both the workshop and home workshops. The package includes 9 long chrome-plated wrenches made of Cr-V material. The Allen wrenches have also been rounded at the end and have a diameter of 1.5-10 mm.

Cr-V steel  
Cr-V (chrome vanadium steel) is the European equivalent of steel 8650 (the name used in the United States and Japan). Chromium protects the steel from corrosion and the negative effects of oxides. Additionally, it protects against abrasion and makes the steel resistant to high temperatures. Importantly, the steel does not lose its properties at elevated temperatures, thus preventing deformation of tools.
