

Wireless Gaming Controller iPega Batman PG-9076

Wireless Gaming Controller iPega Batman PG-9076

Ref: 6987264390761

PG-9076 controller

The ipega PG-9076 gamepad can run for up to 12 hours on a single charge and has a smartphone holder. Song switching and volume control are also built in. When there is no connection, it switches into power saving mode on its own.

Easy to use

The controller is compatible with Android/iOS smartphones (versions 11.0-13.3.1 only), Windows 7/8/10, Nintendo Switch and PS3. No apps or drivers are required for proper operation, making it very easy to use (For most games, some may require an emulator). The gamepad is fully compatible with Shadowgun, Need for Speed, Call of Duty and similar games. The rear keys L1 and L2 are analogue, which makes your actions and movements more precise. It was made of the highest quality materials so the ergonomics is maintained at the highest level.

Included

- Gamepad
