Remote-controlled city bus 1:20 Double Eagle (blue) E635-00 Remote-controlled city bus 1:20 Double Eagle (blue) E635-003

Feel like a bus driver

A faithfully reproduced model of a city bus in 1:20 scale will provide plenty of fun for both the youngest and older users. The model has sound functions (including a horn), which can be turned off if necessary. The unit also has working headlights, taillights and turn signals, as well as movable doors. The intuitive controller lets you get into the fun and feel like a real bus driver.
