

## Blitzwolf BW-TH12 14in1 docking station

Blitzwolf BW-TH12 14in1 docking station

Ref: 5906168431197

### Blitzwolf BW-TH12 Docking Station

The 14-in-1 BW-TH12 docking station is an invaluable tool that will make your daily work easier. Equipped with as many as 14 ports - it allows you to connect multiple devices. It allows you to transfer files at speeds of up to 5 GB/s, and duplicate or expand the screen for up to 3 additional displays. The RJ45 interface will help you get a fast and stable network connection, and the fast charging capability will save you time and energy. The station also has a dedicated space for SATA SSD drives.

### Huge compatibility

The device is distinguished by its wide compatibility. It works with both Windows and Mac OS computers and laptops. It supports a whole host of hardware - from smartphones, mice and keyboards to printers, speakers and portable drives. What's more, thanks to its plug&play system, its operation is fabulously easy. All you have to do is connect the station correctly - forget about the need for complicated configuration.

### Instant file transfer

BW-TH12 supports SATA 3.0 SSD drives with a capacity of up to 2 TB. With up to 4 USB-A ports, you can also connect other data storage devices to it, such as a USB flash drive, hard drive or phone, for example. With the station you can transfer files at speeds of up to 5 GB/s. You no longer have to wait indefinitely for your photos, videos or documents to be copied!

### Display excellent image quality on several screens

The product is equipped with 2 HDMI ports and 1 DP port. This means you can connect up to 3 additional displays to it and use the duplicate or extended screen mode. The device supports 4K Ultra HD resolution and up to 60 Hz. So you can enjoy the excellent image quality you want.

### Additional features

The station also offers other capabilities. Connect your audio equipment to it to listen to music and delight in excellent Hi-Fi level sound quality. Do you want a more stable and fast Internet connection? With BW-TH12 this is also possible! The RJ45 ethernet interface supports speeds of up to 1,000 MB/s, so you can ensure comfortable web browsing. In addition, DC and USB-C PD3.0 ports allow you to quickly charge the station and your laptop sequentially (PD charger must be purchased separately).

Manufacturer: Blitzwolf  
Model: BW-TH12
