Deli folding hand saw EDL580618

The Deli EDL580618 folding handsaw can be an essential tool in any workshop - both professional and amateur. Made of SK5 65Mn steel, the blade is equipped with three-sided grinding teeth that guarantee fast and precise sawing of selected elements. The rubberized handle fits well in the hand and does not slip. It also has a small hole, which allows you to hang the tool in the workshop and keep it tidy. The special safety lock allows safe and convenient use. Furthermore, the folding design facilitates transport, storage and handling of the saw.
