

Battery charger Nitecore UI1, USB

Battery charger Nitecore UI1, USB

Ref: 6952506492916

Nitecore UI1 Battery Charger

With the Nitecore UI1 battery charger, you can conveniently and safely charge various types of batteries. The device provides a maximum current of 1000mA and automatically selects the optimal charging modes (CC and CV). It has practical built-in light indicators and is extremely light, handy and robust. It is equipped with a micro USB port, so you can connect it to various power sources.

Wide compatibility

The device is compatible with a wide variety of batteries such as, for example, 10340, 10500, 12340, 12650, 13450, 14650, 16340 (RCR123), 17500, 18650, as well as larger ones - 20700 and 21700. The charger can also activate over-discharged li-ion batteries.

Thoughtful design

The charger is extremely compact and lightweight - it weighs only 40.5g. It can accompany you almost everywhere - it will not take much space in your bag or backpack. It is made of durable and fire-resistant PC plastic. It also complies with CE, RoHS and FCC standards. This practical device will serve you well for a long time.

Practical indicators

Enjoy convenient access to the most important information. The charger is equipped with 3 indicators that give you a real-time indication of the charge level of the battery inside it. With just a glance, you can see if charging is already complete or if you need to wait a little longer!

Safe charging

The product ensures safe use. It is protected against short circuit, overheating and reverse polarity. It also allows you to safely charge batteries below 2.9V with a low current of 100mA. In this way, it protects them from damage and extends their life. Moreover, when the battery is fully charged, the device will automatically terminate the charging process.

Micro USB port

Now you can charge your batteries not only at home, but also, for example, during a trip. The charger is compatible with various power sources. With the built-in micro USB port you can easily connect it to an adapter, powerbank or even solar panels.

Specification

Brand

Nitecore

Model

UI1

Input

DC 5V / 1A 5W

Output voltage

4.2V±1%

Maximum output current

1000mA

Compatibility

Li-ion / IMR batteries: 10340, 10350, 10440, 10500, 12340, 12500, 12650, 13450, 13500, 13650, 14430, 14500, 14650, 16500, 16340 (RCR123), 16650, 17350, 17500, 17650, 17670, 18350, 18490, 18500, 18650, 20700, 21700, 22500, 22650, 25500, 26500, 26650
