Havit H2002D gaming headphones (pink)

The H2002D headphones are designed for users who use their headphones for many hours and need equipment that will keep them comfortable even during long hours of use. The H2002D is also designed for microphone compatibility with gaming consoles.

Comfortable and convenient thanks to advanced design

The construction of the headphones provides excellent noise cancellation and external sounds, thus allowing you to focus only on what you want to hear. Trimmed with a nice-to-touch material, they give you a lightweight feeling and let you forget about yourself.

High-quality sound

Thanks to its 53-millimeter speakers, the H2002D headphones provide clear and on a high level sounds and powerful sound, thus guaranteeing an intense gaming experience.

A microphone that you can adjust to your needs

Talk freely with other members of your team and plan tactics for future games. The adjustable, detachable and flexible microphone cable, allows you complete freedom of positioning. Not using the microphone? You can easily detach it!
