

Bicycle handlebar bag Rockbros B39-1

Bicycle handlebar bag Rockbros B39-1

Ref: 5905316145344

Rockbros B39-1 bicycle handlebar bag

Do you often go on bike tours? Get the opportunity to conveniently store the items you need! The Rockbros B39-1 bag stands out with a capacity of up to 1.5l and is equipped with several pockets, so you can enjoy quick access to your smartphone or water bottle. The accessory is made of high-quality materials and offers 4 Velcro fasteners with which you can easily attach it to your bike.

Large capacity

Don't worry about running out of space for your essentials. The capacity of the bag is a whopping 1.5l - enough to fit, for example, a water bottle, phone, snack, small bike pump and wheel repair kit. Special compartments help you organise the space and keep things tidy. There is also a side pocket for convenient access to your phone or wallet.

Well thought-out design

The bag is made from high-quality materials, which makes it very durable and resistant to damage. A little rain will not scare it either. Also noteworthy is the original design, which gives the accessory a stylish, modern feel. What's more, the bag has been designed in such a way that it doesn't protrude beyond the bike frame - so don't worry about snagging your feet while riding.

Hassle-free fitting

With as many as 4 available velcro straps, the bag can be quickly and securely attached to the bike. You can also adjust their position to the shape of your bike frame. So you can easily mount the accessory in almost any situation! What's more, you have the option of cutting the velcro to the desired length if required. No matter what kind of bike you ride - the Rockbros bike bag is sure to come in handy.

Even more convenience

Increase your visibility on the road. The B39-1 is equipped with a reflective stripe, so you can feel safer, even if your trip gets long and dark. Its additional features include an excellent quality zip and a key holder. In addition, a special PE plastic insert prevents the bag from deforming and reduces the risk of damage to items placed inside.
