

## Multifunctional Bicycle Repair Tool Rockbros GJ1601 (black)

Ref: 5905316146044

Multifunctional Bicycle Repair Tool Rockbros GJ1601 (black)

Rockbros GJ1601 multifunctional bike repair pocket knife

Don't let an unexpected fault spoil your bike tour. The Rockbros GJ1601 multifunction pocket knife will help you deal with minor breakdowns! It offers quite a lot of tools in one accessory - including various types of screwdrivers, sockets and a multifunctional screw spanner. The product is made of high-quality steel, and thanks to its portable design, it can accompany you almost anywhere.

Several tools in one

When you buy the Rockbros multifunction pocket knife, you get many more tools. This practical multitool offers 6 Allen spanners (2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm), a flat screwdriver, a Phillips screwdriver, a pocket set of spanners (8mm, 10mm, 15mm), an extension and sockets (8mm, 9mm, 10mm). This allows you to easily tighten a loose screw or carry out a minor repair.

Improved design

The Rockbros Multitool is made from high quality steel, which means it will serve you well for many years. It stands out for its exceptional strength and resistance to damage, wear and tear or rusting. It is also very light and compact, weighing only around 205g and measuring just 4.4 x 9cm. This means that you can always have it to hand - it fits easily into your rucksack or bike bag.
