

## UTOUR Rear Cam for C2M/C2L

UTOUR Rear Cam for C2M/C2L

Ref: 735749192890

Rear view camera for C2M/C2L video recorder

Record video not only from the front, but also from the rear of your vehicle. The Utour rearview camera, which is compatible with the Utour C2M and C2L video recorders, will allow you to do so. The device provides high-quality images in 1080p resolution, so you won't miss any detail. It also stands out for its wide 135° field of view, F2.0 aperture and rotating design. The video footage obtained with the rearview camera can prove invaluable if, for example, someone invades your vehicle or there is some kind of collision in the parking lot - it will help you find the perpetrator of the accident and claim compensation.
