

Wireless Gaming Controller with smartphone holder PXN-P30 PR

Ref: 6948052901330

Wireless Gaming Controller with smartphone holder PXN-P30 PRO (Grey)

PXN-P30 PRO wireless controller with phone holder (gray).

Do you love playing with a gamepad and prefer physical buttons to clicking on the smooth surface of the screen? The PXN-P30 PRO wireless controller is a great solution for you! In just a few moments, it will allow you to turn your phone into a gaming console, making you love your favorite mobile games all over again. The universal sliding design of the controller will accommodate phones with diagonal from 10cm (4 inches) to 16cm (6.67 inches), and the capacious battery will allow you to play your favorite games for hours. The controller is fully compatible with Android and iOS.

Adjust the keys to your convenience

Using the PXN Play app, you can program the controller's keys to suit your preferences and allow you to win effectively. What's more, the controller is equipped with micro-switches, whose short distance between the button and the sensor increases the speed of your click response - this is especially important because sometimes you may be milliseconds away from victory.

Fits a variety of phones

The PXN-P30 PRO controller not only allows you to personalize the buttons, but also fits the size of your phone. It will fit devices with a diagonal of 10cm (4 inches) to 16cm (6.67 inches) - these dimensions fit perfectly into the current dimensions of most phones.

Compatible with Android and iOS

Whether your phone has Android operating system version 4.4 and above or iOS version 13 and above. The PXN-P30 PRO controller will also work perfectly in HID mode for Android. In addition, the device is MFI certified. The device is equipped with Bluetooth 5.0

Battery and charging

The device is equipped with a 250mAh battery, so it will allow for hours of gameplay. However, when the battery gets low, you can add power to it with the help of a micro USB cable.
