Car holder Joyroom JR-ZS377 for air vent (black)

Joyroom JR-ZS377 car mount for the grille (black)

Introducing the Joyroom JR-ZS37 car mount, for installation in the car's air vents. Thanks to its carefully designed construction, it ensures safe and stable placement of your phone for the duration of your trip. It is distinguished by its elegant design, easy installation and operation, as well as the ability to adjust the positioning of the phone, ensuring maximum comfort and safety while driving.

High-quality materials

Made from a combination of PC+ABS, the Joyroom JR-ZS377 mount is not only durable, but also lightweight, ensuring long-lasting use without worrying about damaging the air vents. Equipped with silicone pads, it further protects your phone from scratches, so you can efficiently mount it in the holder with one hand without worrying about damage.

Compatibility with various phone models

The mount works with most phones with screen sizes from 4.5 to 6.7 inches, making it a universal solution for a wide range of mobile devices. The adjustable arms allow you to easily adjust it to the size of your smartphone, giving you the confidence of stability and safety - even when driving over rough roads.

Ergonomic design

The Joyroom JR-ZS377 car mount is designed for maximum ergonomics and minimal impact on visibility in the car. Its compact size (68 x 97 x 36 mm) and light weight (55g) ensure that the device is sturdy enough to hold your phone securely, while not dominating the driver's cabin space. The well-thought-out design and 360-degree rotation capability make it easy and intuitive to adjust the phone's position, regardless of the user's individual preferences.
