

Joyroom JR-ZS240 Pro magnetic car holder with inductive char

Joyroom JR-ZS240 Pro magnetic car holder with inductive charger, 15W (black)

Ref: 6956116793807

Joyroom JR-ZS240 Pro magnetic car holder with inductive charger, 15W (black)

Enjoy convenient navigation, charge your phone while traveling, and keep it within reach in your car. The Joyroom JR-ZS240 Pro magnetic car mount is equipped with a wireless charger with a power of up to 15W, and thanks to its strong built-in magnets, it ensures stability and safety for your smartphone. This accessory is also very user-friendly and offers wide compatibility.

Fast and Convenient Charging

The inductive charger of the mount boasts a power output of up to 15W, allowing you to charge your smartphone quickly. The JR-ZS240 Pro model is compatible with iPhone 12, 13, and 14 - you can charge them both with or without MagSafe cases. What about other phones? If your smartphone doesn't have built-in magnets, simply use a magnetic ring.

Enhanced Design

The mount features 22 neodymium magnets, providing essential stability for your smartphone. You don't have to worry about the device falling or getting damaged, even on bumpy roads or uneven surfaces. You can also freely position your phone in both portrait and landscape modes. Additionally, the sturdy mounting allows for quick and stable attachment to the air vent grille.
