Apple Watch Magnetic Charger Joyroom S-IW011 USB-C 5V 1.2m (White)

Ref: 6956116771331

Apple Watch Magnetic Charger Joyroom S-IW011 USB-C 5V 1.2m (White)

Gain the convenience of charging your Apple Watch more easily. The Joyroom S-IW011 magnetic charger provides a power output of 3.5W and stands out for its high durability. It also ensures safety during use. The product is compatible with Apple Watches from the Ultra / 8 / 7 / SE / 6 / 5 / 4 / 3 / 2 series, as well as Hermes and Nike+ editions.

Impressive Performance

Don't wait too long for your smartwatch to be ready for work again. The S-IW011 charger allows for charging with up to 3.5W of power, which translates to high efficiency. The product also features a built-in intelligent chip that prevents it from overheating excessively and ensures even greater performance.

Enhanced Design

The charger is equipped with a strong magnet with high attraction force, ensuring precise alignment and stable charging. It is also distinguished by exceptional durability. Its connectors are highly durable, and the cable is resistant to bending. It is protected from damage by a high-quality nylon braiding.
