Nexigo C60/N60 Webcam

The Nexigo C60/N60 webcam is a breakthrough solution in online communication, offering crystal-clear 1080P resolution at 30 FPS. With its dual digital zoom feature, privacy shutter, advanced microphone noise reduction, plug and play simplicity, and a wide 110° field of view, this webcam provides unparalleled quality and convenience for use at home, in the office, or during streaming.

Exceptional Image Quality

The Nexigo C60/N60 camera stands out with its 1080P image quality, ensuring exceptionally sharp and detailed images. This high resolution is crucial for professional video conferences, online teaching, and live broadcasts, delivering outstanding visual experiences to viewers.

Privacy and Security

The innovative camera cover is a unique feature of the Nexigo C60/N60, protecting the user's privacy. The ability to physically cover the lens when the camera is not in use provides an extra level of security and peace of mind against unauthorized access.

Advanced Noise Reduction

The microphone with built-in noise reduction technology (ENC) significantly improves sound quality by eliminating background

interference. This is crucial for smooth online conversations and meetings, where clear audio is as important as video.

Plug and Play - User-Friendly

The Nexigo C60/N60 features plug and play functionality, which means the camera is ready to use immediately after connection. The absence of the need for additional software installation or configuration makes it an ideal choice for those who value speed and convenience.

Wide Field of View

The camera has a very wide 110° field of view, allowing you to capture a larger area. This is an ideal solution for group online meetings, presentations, or broadcasts where it's important to show more than just the user's face.

Compatibility with Applications

The Nexigo C60/N60 is compatible with a wide range of applications such as YouTube, Skype, Hangouts, OBS, and many others, making it a versatile tool for various communication needs.
