Smartwatch Colmi M42 (Silver)

Ref: 6972436984725

### Smartwatch Colmi M42 (Silver)

The Colmi M42 is a practical and durable smartwatch that can handle even the most demanding conditions. It stands out with its IP68 water resistance and can easily operate in temperatures as low as -40°C, making it suitable for extreme cold weather use. It features a 1.43-inch AMOLED display and a powerful 410mAh battery, providing long-lasting performance. You also have a choice of over 100 sports modes and various interesting features, including heart rate monitoring, SpO2 measurement, sleep tracking, remote music control on your smartphone, and Bluetooth phone calls.

### Durable Construction

Living an active lifestyle? Get yourself a smartwatch that can meet any challenge! The Colmi M42 model can operate in temperatures ranging from -40°C to as high as 55°C. Thanks to its IP68 water resistance, it can withstand accidental splashes, sweat, and rain without a problem. The watch is surprisingly lightweight and comfortable to wear, so it won't burden you during your activities. Moreover, it's very user-friendly, including a special rotating bezel for easy navigation.

### Touchscreen AMOLED Display

Enjoy high-quality visuals regardless of the conditions, whether you're running in the early morning or going for a bike ride at sunset. The smartwatch offers a 1.43-inch AMOLED display that ensures rich details, a wide 178° viewing angle, and vibrant colors (98% Adobe RGB).

Want to customize its appearance to your preferences? Check out the dial designs available in the app! You also have several user interface sets at your disposal.

#### Over 120 Sports Modes to Choose From

Train efficiently and improve your performance continuously. The Colmi M42 smartwatch allows you to choose from over 120 sports modes (some of which are available after connecting to the app). Find out how many steps you take, the distances you cover, and the calories you burn during your workouts. Whether it's walking, running, yoga, or tennis, you're sure to find something that suits you!

#### Health Monitoring

With the M42, you can instantly be aware of any concerning symptoms and respond quickly. The smartwatch allows for precise heart rate measurement and blood oxygen saturation (SpO2) monitoring. It also tracks your sleep, recognizing its phases and evaluating its quality. This way, you can better understand your body and take care of your health!

#### Seamless Communication

Conveniently make phone calls without reaching for your smartphone. The M42 smartwatch supports Bluetooth connections and is equipped with a high-quality speaker and microphone, allowing you to have conversations with loved ones or colleagues effortlessly. The device will also notify you of incoming messages. No need to worry about missing anything important!

#### Long Battery Life

You don't need to worry about frequent charging with the M42 model. It features an efficient 410mAh battery, so you can use it for 5-7 days on a single charge. In standby mode, the watch can last up to 30 days. It takes only about 2 hours to fully recharge it.

#### Many Useful Features

Explore the additional features of the smartwatch. The device allows you to use voice assistant support, making it easy to make calls to friends with just a few words! You can also remotely control music playback on your smartphone and conveniently check the weather. Other functions include a calculator, stopwatch, timer, calendar, and menstrual cycle tracking. Furthermore, the smartwatch offers relaxation breathing exercises.
