Joyroom Cozydots Series JR-TS1 TWS Earbuds (white).

Enjoy the sounds of your favorite songs without compromise! The Joyroom Cozydots earbuds provide clear and detailed sound that will transport you into the world of music. Thanks to Bluetooth 5.3, they offer a stable connection over a distance of up to 10 meters, and their operating time with the case reaches 24 hours. The ergonomic design combined with light weight means you can enjoy maximum comfort throughout the day, whether you're listening to your favorite tunes or making long phone calls.

Unparalleled user comfort

Discover true user comfort with Joyroom Cozydots! The headphones are designed to provide you with the comfort you dream of, even when playing music for hours on end. Thanks to their light weight (3g) and ergonomic design, they fit perfectly in your ear without causing discomfort or fatigue. In the set you will find 3 pairs of interchangeable rubber bands in different sizes, which will help you adjust the headphones to your individual needs even better.

Listen to music all day long

Now you can freely play your favorite songs without worrying about the state of charge of your headphones! Joyroom Cozydots guarantee up to 4 hours of use on a single charge, and with the charging case you can enjoy your music for an additional 20 hours. What's more, with its help you will renew the energy of the headphones up to 5 times without any trouble!

Stable connection with your device

Forget about annoying sound delays! The headphones have built-in the latest Bluetooth 5.3 chipset, which provides faster and more stable signal transmission, with lower power consumption. Pairing them won't be a problem for you - just pair them once with the device of your choice, and they will connect to it automatically every time!

Touch operation for greater convenience

Operating the headphones is simpler than you think. Joyroom Cozydots have built-in intuitive touchpads so you can conveniently control the most important functions of the headphones. Change songs, manage incoming calls or activate the voice assistant, all without having to reach for your phone!
