USB-C to USB-C Cable Budi 65W 1,5m (white)

USB-C to USB-C Cable Budi 65W 1,5m (white)

Discover the revolutionary USB-C to USB-C Budi 65W cable, measuring 1.5 meters in length - a perfect blend of durability, efficiency, and modern design. Designed to meet your daily challenges, this cable not only boasts impressive fast charging performance but also durability and craftsmanship. With Budi 65W, every device charging becomes faster, safer, and more efficient.

Fast Charging - 65W Power

The key feature of the Budi 65W cable is its ability to fast charge at up to 65W power. This allows you to charge your devices much faster than standard cables. It's the ideal solution for those who need to quickly charge their devices, whether it's a laptop, tablet, or smartphone, without compromising on performance.

Aluminum Casing and Durable Braiding

The Budi 65W cable stands out with its aluminum casing and durable braiding, ensuring not only an elegant appearance but also increasing its durability. The aluminum casing protects against mechanical damage and corrosion, while the sturdy braiding provides flexibility and resistance to tangling and tearing, making it an ideal travel companion.

10,000 Bend Durability

Tests have shown that the Budi 65W cable can withstand up to 10,000 bends, indicating its durability. This means the cable will remain reliable even with intensive use, without the risk of cracking or damage, which is a common issue with standard cables.

Copper Core

The cable's core is made of high-purity copper, providing better conductivity and lower electrical resistance. This allows the cable to efficiently transmit power, resulting in faster and more stable device charging. It also reduces the risk of the cable overheating during use.

Versatility and Compatibility

The Budi 65W cable, featuring a USB-C to USB-C interface, is a versatile solution compatible with a wide range of devices. The 1.5-meter length offers convenience in daily use - it's the choice for those who value both quality and versatility.
