Ref: 6971536924167

USB-A to USB-C Cable Budi 2.4A 2M (black)

The 2-meter USB to USB-C cable Budi 206T/2M combines excellent build quality with technical solutions that perform exceptionally well in everyday use.

Optimal Length and Durability

The USB-C cable Budi 206T/2M has a length of 2 meters, providing flexibility in using devices, even if the USB-C port is a bit farther away. Made from the highest quality materials, the cable is not only long but also exceptionally durable, protecting it from damage and extending its lifespan.

Fast Charging and Data Transfer

A 2.4A current allows for rapid device charging and quick data transfer. This means you don't have to wait long for your smartphone or tablet to fully charge, and file transfers between devices happen smoothly and seamlessly.

Universal Interface

The Budi 206T/2M cable features a USB-A to USB-C interface, making it a versatile tool that can be used in many different situations. Whether you need it for charging or data transfer, this cable will meet your expectations.

Durable Braiding

The cable's braiding is solidly constructed, protecting it from tangling and damage. This means you won't waste time untangling cables, and the cable will remain in excellent condition for a long time.

Elegant Design

The black USB to USB-C cable Budi 206T/2M presents an elegant appearance that complements various styles and environments. It is not only functional but also aesthetically pleasing. The USB-C cable Budi 206T/2M is not just a tool but also an investment in the comfort and convenience of using electronic devices. Thanks to its advantages and solid construction, it is the perfect companion in daily life, providing reliability and performance.
