

## Smartwatch QCY GT2 (black)

Smartwatch QCY GT2 (black)

Ref: 6957141408575

### QCY GT2 Smartwatch

The QCY GT2 is a lightweight and stylish smartwatch that offers many useful features. It monitors sleep, heart rate, blood oxygen saturation, and stress levels, and provides approximately 100 sports modes to choose from. Its convenient operation is enabled by the round Retina AMOLED display, whose appearance you can customize to your preferences by choosing from a multitude of available dial patterns. The watch is also distinguished by its IPX7 water resistance and a battery life of up to 15 days on a single charge.

### 1.43" AMOLED Display

The smartwatch features a large AMOLED display with a resolution of 466x466p and a refresh rate of 60 Hz. It provides a sharp, bright image and beautiful, vibrant colors in almost any lighting conditions. It is made with high-quality tempered glass, ensuring its durability. The smartwatch also supports Always-on display, so it can display the date and time at all times. You also have access to over 100 dial patterns and 5 user interface styles - now you can easily customize the watch's appearance to your liking!

### Stylish, Waterproof, Durable

Opt for a successful combination of functionality and aesthetics. The QCY GT2 smartwatch is made from high-quality materials such as zinc alloy and stainless steel, making it not only look great but also very durable. In addition, its silicone strap is comfortable to the touch and skin-friendly. The watch is also very lightweight - weighing only about 60.6 g. It is also IPX7 waterproof, so you don't have to take it

off your wrist when you exercise or when it's raining.

#### Helps You Take Care of Your Health

Keep your finger on the pulse and have your health under control. The smartwatch can measure your heart rate 24 hours a day, allowing you to immediately detect any concerning symptoms. The GT2 model also works as a menstrual calendar. It can also monitor sleep, stress levels, and blood oxygen saturation. With QCY, you will better understand your body and have the ability to react quickly to any abnormalities!

#### Over 100 Sports Modes to Choose From

Make your workouts even more effective. The smartwatch allows you to choose from over 100 sports modes - you will definitely find something for yourself. The device will provide you with data such as running pace or heart rate during exercise, so you can analyze your progress at any time. What's more, the watch will monitor the number of steps taken, distances covered, and calories burned every day.

#### Even More Useful Features

Someone's calling you? Now you can answer the call using the watch - you don't have to reach for your smartphone every time. The GT2 smartwatch also allows you to remotely control the music player and phone camera, as well as check the weather. There is also a calculator, timer, alarm clock, stopwatch, and much more. Now everything you might need is at your fingertips!

#### Long Battery Life

Don't worry about the need for frequent charging of the smartwatch. The GT2 model is equipped with a durable battery, allowing it to serve you for up to 8 days with regular daily use or for about 15 days if you only use its most basic functions. Convenient charging of the watch is facilitated by the included magnetic cable.
