

## xTool 2 Pro-D/S/P/F Rotary Attachment

Ref: 6928819521056

xTool 2 Pro-D/S/P/F Rotary Attachment

xTool 2 Pro-D/S/P/F rotary attachment

The xTool RA2 Pro engraving module is a versatile and precise 4-in-1 tool that is an invaluable addition to engraving machines. Adaptable to a wide range of items, equipped with technology for fast and accurate engraving, and designed with ease of use in mind, the RA2 Pro is an excellent choice for anyone looking for reliability and a high-quality finish.

Unlimited possibilities

This customizable attachment gives you 4 setting options. The rotating roller is great for long-shaped objects with unlimited diameters, such as baseball bats and ceramic vases. The handle, on the other hand, allows precise vector engraving on a variety of objects. The mount is strong enough to be ideal for working with uneven cylinders and delicate materials like glass. You can successfully engrave spherical objects and even decorate fine jewelry. The RA2 Pro is the key to creating memorable, personalized keepsakes.

Versatility and precision

The high-speed vector engraving xTool RA2 Pro achieves an incredible engraving speed of 360°/sec, with precise motor step control in 0.045° increments. You can adjust its position within a 26-degree range, and adjust the diameter to suit the selected workpiece between 0-100 mm. The strong handle and padding increase friction, ensuring stability throughout the engraving process. The result is an extremely precise effect that will delight everyone.

### Easy operation

The modules are compatible with most engraving machines, and are ready to use right out of the box. Their construction of anodized aluminum and corrosion-resistant coating guarantees long-lasting and reliable use. The xTool RA2 Pro also works with the basic Laserbox software and is compatible with LaserGRBL and LightBurn, making it an excellent choice for owners of other xTool devices as well as machines from other brands that meet the necessary requirements.

### Included

AAA battery

Positioning pin

M3x30 screw

M4 x 43 screw

2 mm hex key

Nano tape
