

Darkflash DLX4000 Mesh Computer Case (black)

Darkflash DLX4000 Mesh Computer Case (black)

Ref: 4710343794820

Darkflash DLX4000 Mesh Computer Case (black).

Introducing the Darkflash DLX4000 Mesh computer case, which combines innovative features with an aesthetic finish. The black design gives it a classic look that blends perfectly with modern interiors, while the use of metal mesh on the side and front panels creates a combination of elegance and functionality. The case supports a variety of motherboard sizes from E-ATX to ITX, making it possible to install a variety of configurations with discerning users in mind.

Spacious and versatile

With support for up to 14 120mm fans, the Darkflash DLX4000 Mesh chassis is ready for advanced cooling systems, both air and water, with the option to mount heatsinks up to 360mm on the top and right side. This solution ensures excellent heat dissipation and keeps components at optimal temperatures even during intensive use.

Availability of connectors and expandability

The case is equipped with a state-of-the-art USB Type-C port, two USB 3.0 ports and an HD Audio connector, ensuring fast and convenient connectivity to other devices. The maximum length of the graphics card is 350 mm or 330 mm depending on the configuration, and the maximum height of the CPU cooler is 360 mm, which proves its exceptional compatibility with high-performance components. All this gives you almost unlimited possibilities in working on the system you want.

Ergonomics and versatility

The Darkflash DLX4000 Mesh chassis offers thoughtful placement of Power and Reset buttons, as well as an interchangeable back panel that can be customized to fit the size of the motherboard, enhancing installation ergonomics. The sturdy 0.8mm metal construction ensures durability and stability, regardless of the components chosen.
