RayCue 4-in-1 Hub USB-C to 3x USB-A 3.0 5Gbps + PD 3.0 100W (gray)

The RayCue 4-in-1 Hub is a compact and versatile solution to help you maximize the potential of your laptop. It features three USB-A 3.0 ports with a maximum transfer speed of 5Gbps and a USB-C port.

### Transfer without lag

With the USB-A 3.0 ports, you can connect up to three additional devices at the same time for smooth, lag-free performance. They offer transmission speeds of up to 5 Gbps, meaning it will only take a moment to transfer important documents or vacation photos.

### Charging with 100 watts of power

No more waiting indefinitely for your device to be ready to use again! The USB-C port supporting PD 3.0 with a maximum charging power of 100 watts ensures fast and efficient charging of your laptop, smartphone or other devices compatible with the Power Delivery protocol.
