Hub 9in1 RayCue USB-C to 2x USB-A 3.0 5Gbps + 2x SD/TF 3.0 + 2x HDMI 4K30Hz + VGA 1080p + Jack 3.5mm + PD 3.0 100W (gray)
RayCue's 9-in-1 hub will enhance the capabilities of your device! It features as many as 9 ports, including USB-C, USB-A, HDMI, VGA, audio or memory card slots, making it an ideal tool for anyone who requires flexible solutions while working. Its small and lightweight design means it can accompany you almost anywhere, ready to connect at any time.

Display images on 3 monitors
Discover a new dimension of work and entertainment with triple video output! Two HDMI ports offer 4K@30Hz resolution, and the VGA port allows you to connect a monitor at 1080p@30Hz. This means you can enjoy incredibly clear and detailed images on as many as three different monitors at the same time, giving you unlimited configuration possibilities.

Transfer files in a snap
Let nothing stand in the way of your productivity! With USB-A 3.0 and USB-A 2.0 ports with data transfer speeds of up to 5 Gbps and 480 Mbps respectively, you can conveniently transfer files, videos and photos without any delays. What's more, the hub also features SD and Micro SD card slots, so you can easily read and write data from memory cards.

Instant charging

Whether you need to charge your laptop, tablet or smartphone, the RayCue hub will always meet your needs. With a USB-C port with a maximum PD charging power of 100 watts, you can rest assured that your devices will always be ready to go at express speed.

Superior audio quality at your fingertips
Play your favorite songs, watch movies or conduct video conferences while maintaining excellent sound quality. The hub features a 3.5mm audio port that allows you to connect headphones, speakers or a microphone.
