Naturehike LW180 sleeping bag size M (navy blue)

The Naturehike LW180 sleeping bag is an excellent choice for those looking for a lightweight and compact sleeping bag for warm nights. With its silk-cotton-like filling, it offers exceptional thermal comfort at a minimal weight of about 680 grams. The outer layer made of nylon and the inner lining made of Chunya material ensure durability and a pleasant sleeping feeling.

Thoughtful design

The design of the LW180 sleeping bag allows it to be unzipped all the way down, allowing it to be transformed into a quilt. With a zipper on both sides, the sleeping bag can be easily opened and closed from either side. In addition, the sleeping bag is equipped with Velcro to prevent the zipper from shifting, making it more comfortable to use.

Versatility and comfort

The Naturehike LW180 sleeping bag is ideal for use in temperatures ranging from 15°C (comfort) to an extreme -3°C. Thanks to its compact size when folded, the sleeping bag can be easily stored and transported. A compression pouch is included for easy packing and carrying, making it an ideal choice for hiking and camping trips.
