SVEN PS-315 Portable Speaker, 20 W Bluetooth (Black)

Take your favorite music wherever you want with the SVEN PS-315. The speaker offers an RMS power of 20 watts and connects to your compatible device in several ways. In addition, it allows you to pair 2 speakers together for a better audio effect, and thanks to its water resistance (IPX6), you can use it without worrying about splashes. In addition, the attached strap makes it easy to carry the speaker, and you can customize the RGB backlight.

High quality sound

The SVEN PS-315 speaker offers 45-millimeter drivers that deliver impressive sound. What's more, passive heat sinks impart powerful bass that will satisfy demanding users. In turn, the 20-watt power output and frequency response of 80 - 20,000 Hz allow you to enjoy high-quality sound.

Bluetooth connection

You'll pair the speaker with your mobile device using the Bluetooth module, which provides a fast and stable connection. What's more, you can connect 2 speakers together for a stereo effect - such a solution is ideal for a family party or a meeting with friends.

For supporters of traditional solutions

If you rely on standard solutions, the SVEN PS-315 speaker is also for you. The device has USB and AUX ports, as well as a microSD card slot. This allows you to listen to your favorite music from the source of your choice. The set also includes an AUX cable for connecting audio devices.

Will prove itself in the field

Going for a workout, camping or maybe a picnic? SVEN PS-315 will be the perfect companion. The speaker is IPX6 waterproof, so it won't be intimidated by accidental splashes. What's more, the included strap makes it convenient for you to carry it in your hand, hang it on your backpack or clothes while hiking and traveling. In turn, the 2,000 mAh battery ensures long working time - you don't have to worry about the speaker discharging at the least opportune moment.
