Darkflash AC SE 240 CPU liquid cooling (black)

Ref: 4710343797166

PC water cooling Darkflash AC SE 240 (black)

Darkflash AC SE 240 water cooling will allow you to take care of the proper operation of your computer. It offers 2 fans with a diameter of 120 mm, which rotate at 800-1800 rpm. This effectively protects the device from overheating. What's more, it's compatible with Intel and AMD processors, and thanks to its quiet operation (30 dB), it won't cause annoying noise. In addition, you will find the necessary accessories for mounting the AC SE 240 in the kit.

Effective cooling

The Darkflash AC SE 240 is distinguished by its carefully considered design for efficient operation. The E-shaped channel design increases the cooling surface and protects against overheating. Moreover, the fan consists of 9 blades, and special pads eliminate unwanted vibrations.

Refined design

The cooling is equipped with 2 tubes, which are resistant to leakage and damage. What's more, thanks to its length reaching 395 mm, it will work well with both smaller and larger computer cases. In addition, the Darkflash AC SE 240 is compatible with Intel 1700 12th generation processors.
