

Arzopa P101W 10 inch Digital Picture Frame

Arzopa P101W 10 inch Digital Picture Frame

Ref: 6975114120200

Arzopa P101W 10.1-inch digital photo frame

The Arzopa P101W digital photo frame offers a modern solution for presenting photos and videos, combining advanced technologies and intuitive features. It features a large Full HD screen and a large memory that can hold up to 80000 photos. What's more, thanks to a dedicated application, sending images from your gallery will be very fast and easy. See what else the Arzopa frame can offer you!

High-resolution display

The P101W is equipped with a 10.1-inch screen, which features a resolution of 1280 × 800 pixels. Such a display not only provides a clear and detailed image, but also improves the viewing experience of photos and videos. The screen's 16:10 aspect ratio is ideally suited to modern multimedia standards, which translates into an aesthetically pleasing display of content.

Integrated memory and format support

The Arzopa P101W has 32GB of built-in memory, allowing it to store a large number of multimedia files. The device supports popular photo (JPEG, JPG, PNG, WEBP) and video (MP4, M4V, 3GP, MOV) formats, making it compatible with a variety of content sources.

Ease of connection

A variety of connectivity options are at users' disposal, including a DC power port, a USB-C port and a Micro SD card slot (with a

maximum memory of up to 128 GB). These inputs ensure easy and fast file sharing, as well as compatibility with a wide range of external devices.

Smart features and Frameo app

An innovative auto-rotate and frame-fill function ensures that the most relevant parts of the image are always presented on the screen, adjusting the orientation to the format of the photo or video. In addition, the frame works with the Frameo app, allowing you to easily and quickly position the selected image.

Full HD screen and viewing ergonomics

Full HD screen with anti-glare coating and 178° viewing angle are features that significantly improve the quality of displayed content. They make it possible to view photos and videos from different perspectives without losing quality, making the Arzopa P101W frame an extremely functional device for everyday use.
