

## GaN Mcdodo CH-1543 network charger, 2x USB-C, 1x USB, 67W +

GaN Mcdodo CH-1543 network charger, 2x USB-C, 1x USB, 67W + USB-C to USB-C 2m cable (black)

Ref: 6921002615433

GaN Mcdodo CH-1543 mains charger, 2x USB-C, 1x USB, 67 W + USB-C to USB-C 2 m cable (black)

The Mcdodo CH-1543 charger offers a maximum output power of 70 watts. It is ideal for charging a wide range of devices, including laptops, smartphones, Nintendo Switch consoles and headphones. It is made of PC V0 material, and its compact dimensions of 32 × 37.1 × 95.4 mm and weight of 107.7 grams make it convenient to use both at home and on the go.

### Fast charging

The Mcdodo CH-1543 charger is equipped with two USB-C ports, each of which offers up to 70 watts of output power and supports PD charging. As a result, it takes about 30 minutes to charge a 13" MacBook Air to 70%. The USB-A port offers a maximum output power of 22.5 watts, allowing you to quickly renew the energy of various devices. Thanks to GaN technology and the same Pi chip as in Apple products, the charger is smaller, more powerful and safer than competing models.

### Intelligent temperature management and safety

The charger uses innovative polymer heat dissipation technology and an advanced temperature control system developed by Mcdodo to ensure safe and fast charging. A conversion efficiency of 95% guarantees efficient use of energy. In addition, the device has protection against overvoltage, short circuit, overcurrent, overheating and interference, which protects both the charger and connected devices.

### Versatility and convenience

Mcdodo CH-1543 supports a variety of fast charging protocols, such as PD3.0, QC4.0+, QC3.0, SCP, FCP, AFC and PE, making it compatible with a wide range of devices. The stable design and wide AC 100-240V input voltage range allow you to safely use the charger worldwide. It comes with a 2m USB-C to USB-C cable for convenient use and up to 3A of current.
