Wireless adapter, Ottocast, CP76, U2-AIR Carplay (black)

Ottocast U2-AIR Carplay Wireless Adapter (black)

The Ottocast U2-AIR Wireless Adapter provides ease of use, compatibility with more than 600 car models and access to advanced CarPlay features without the limitations of wires. The accessory supports Bluetooth version 5.0 and the 2.4GHz and 5GHz Wi-Fi bands for a stable connection. NOTE: some car models may require a supporting cable to work with the adapter

Reliable for everyday use

The adapter runs on a Linux operating system and uses a dual-core 1.2 GHz ARM Cortex A7 processor for smooth operation and fast response. Dual-band Wi-Fi 802.11 a/b/g/n/ac 2.4 GHz + 5 GHz and Bluetooth 5.0 guarantee connection stability and fast and efficient communication.

Automatic connection

The Ottocast U2-AIR offers an auto-connect function, so it will automatically connect to CarPlay in just 15 seconds from the moment you get in the car. The solution used provides instant access to all the functions you need without having to manually set up the connection every time. Enjoy a variety of navigation apps and listen to music or audiobooks without interruption!

Intuitive operation

The Ottocast product retains all the features of the original CarPlay, including control via steering wheel buttons, the multimedia dial or the radio's touch screen. It also enables the use of Siri voice recognition, which provides safety and comfort while driving and allows voice control without taking your hands off the wheel. In addition, the plug-and-play feature eliminates the need for complicated configurations.

Adaptable to different scenarios

CarPlay's intelligent auto-switching appearance feature, depending on when the car's headlights are turned on, ensures optimal contrast and screen readability in different lighting conditions, so the interface is always clear and eye-friendly.

Hassle-free software updates

The Ottocast U2-AIR adapter allows for easy software updates via OTA (Over-The-Air), so you'll always enjoy an up-to-date and properly functioning system with all the improvements.
