Magicube Color Recycled Crystal magnetic bricks 8 elements GEOMAG GEO-054

Ref: 0871772000549

Magicube Color Recycled Crystal magnetic bricks 8 elements GEOMAG GEO-054.

Welcome to the world of Magicube Color Recycled Crystal from Geomag, where even the youngest children can create diverse, original constructions. This set of 8 colorful magnetic blocks is perfect for little hands - it was created for toddlers as young as 1 year old. What's more, the included elements are made of environmentally friendly recycled plastic.

First steps in 3D construction

Magicube is the perfect way to introduce toddlers to the world of spatial construction. The magnetic blocks can be connected on all sides, which encourages the little ones to experiment and learn through play. Build vertically, horizontally and more - show your child that imagination has no limits! Create fantastic combinations of new patterns and structures - with the Magicube set the fun never ends.

Learning through play

The colorful blocks included in the set attract the eyes of the youngest and encourage them to play. Using them, children learn creativity and color recognition, while acquiring manual skills. What's more, Magicube from Geomag supports educational development in accordance with STEM methodology.

The set includes

8x magnetic blocks
